The FIRST Robotics Competition challenges teams of young people and their mentors to solve a common problem in six-weeks starting with a kit of parts and new complex game rules. Duluth's Denfeld High School's FIRST robotics team, #4009, competed in their initial tournament in 2012 and last year placed 8<sup>th</sup> at the Lake Superior Regional competition where they also earned the Innovation in Control Award sponsored by Rockwell Automation. Their robot construction was supported by Arrowhead Machinists, Irving Community Club and others. Denfeld needs financial support plus engineering mentors to help with their 2016 design.

Arrowhead Section Officers: **Chair:** Terry Larson; **Vice Chair:** Position Vacant; **Sec./Treas.:** Bruce Howell
